

FCSS Publications Report

Submitted by Mark Quintana, January 25, 2019

1. All members that attended the conference have had their membership date updated through the conference for 2019. I have been in contact with those that were registered by their district and one person's email was provided to multiple attendees. This way the actual attendee can become a member and we have their direct contact information. Districts have been receptive to these updates directly for their teachers.
